## Statewide Memorial to be Built at Valley Forge

1/26/2014

New memorial will be the second in the nation and one of 50 (one is planned for each state) across the country.

Pennsylvania's new Gold Star memorial honoring the families of servicemen and women killed in the line of duty is now well on the way to becoming a reality. The memorial will be built on the campus of the Freedoms Foundation in Valley Forge National Historical Park.

This week the foundation and memorial organizers received a single donation from a King of Prussia pharmaceutical company that will cover half of the anticipated \$60,000 cost of building the memorial.
